ROOSEVELT PLACES VAN WYCK ON THE RACK.

Charges Preferred Against the Mayor of New York City by the Governor for His Connection With the Ice Trust.

MAY BE REMOVED FROM HIS HIGH OFFICE.

ALBANY, N. Y., Nov. 18.—Governor Roosevelt has prepared the following memorandum of the charges against Mayor Van Wyck, of New York city, in the ice trust matter:

"There are three wholly distinct sides to the ice trust matter. In the first place, there is a general question whether the American Ice Company, dealing as it does in a necessity of life to the poor people of New York, was one into which it was proper for a public spirited man to enter. This is, of course, not a question for legal action in any shape or form. Moreover, it is unnecessary to point out whether the corporation is legal or illegal, proper or improper in character, it is an act of utter hypocrisy on the part of any public man to denounce trusts in general and this trust in particular, in the platform and on the stump, while he, at the same time, in his private capacity, holds stock or has held stock in the trust that he thus denounces.

"Why Attention is Called. "Attention is called to this feature simply because an effort has been made to show that unless legal action against the trust or some of its stockholders can be taken these same public men are to be exonerated.

"Second: There is the question whether or not the existence of this so-called ice trust is in violation of the anti-trust law. This, of course, can only be decided by the courts.

"On May 28th, 1900, the attorney general instituted proceedings to annul the

certificate of the ice company under this law. The corporation, through its counsel, has fought the action at every stage on technicalities, not on the merits of the case. The first decision before Judge Chester was in favor of the state. An appeal has been taken by the defendants which was argued weeks ago, and the attorney general is daily expecting a decision by the appellate division on this appeal. The defendants obtained a stay of proceedings pending the appeal.

"Everything Done That was Possible. "All possible diligence has been shown by the attorney general to secure an annulment of the certificate and nothing could have been done by the state to expedite proceedings which has not been done. The delay is due, of course, to the course of the corporation itself, whose stockholders include the public men above alluded to.

"We now come to the third side of the matter, the only one in which the governor, in his official capacity, has any power whatsoever to act, viz: The charges against Mayor Van Wyck.

"Inasmuch as the question as to whether the ice corporation is or is not a trust or monopoly is before the courts for decision, until they have acted, action by the governor can only with propriety be taken under the Greater New York charter. So far as the charges are brought under this charter it makes no difference as regards the mayor's conduct whether the aforesaid corporation is or is not a trust within the meaning of the law."

STRONG PROTESTS AGAINST ACTIONS OF THE LIMON MOB.

DENVER, Colo., Nov. 18.—At a mass meeting held here to-day, strong protests were made against the actions of the Limon mob that burned John Porter, the negro rapist and murderer, at the stake. The meeting was presided over by C. M. Hobbs, president of the Y. M. C. A., and speeches were made by Governor C. S. Thomas, Mayor H. V. Johnson, of Denver; President Slocum, of Colorado Springs; Rabbi Friedman, Rev. Coyle, Mrs. Sarah Platte Decker, prominent in national women's club circles, and others. They all spoke in strong terms, condemning what was termed the "Limon atrocity," and also denounced the sensational display of newspaper stories concerning it. The audience was stirred at times almost to riotous demonstrations of approval.

Resolutions adopted admit the difficulty of adequately characterizing the crime for which Porter was punished, but declare that however much the negro, by his crime, merited death, no crime can justify recourse to such barbaric methods and that while the action of the people of Lincoln county is attributed to excitement and passion, it is none the less condemned and discountenanced. Hope is expressed that a law will be speedily enacted in Colorado providing effective punishment for such crimes and providing punishment for any one taking part in a lynching.

Reply of the Governor.

Governor Thomas, in the course of his remarks said: "I do not believe the people of this state are worse than the people of any other state. This is as civilized a community as any state in the Union, and in all of them we hear of occurrences like this when the people have been suddenly aroused to some such terrible act when some such awful and horrible

crime as this negro's cries to heaven for vengeance. For the agonized parents and for whatever they have done, I have no words of blame or censure. Put ourselves in their places and we can understand their wild desire for vengeance.

"My remarks to-day are addressed not so much to the fact that death has been inflicted, as to the manner in which it has been done. I do not by this mean to justify lynch law. No well regulated citizen can ever justify a departure from the law. But every state has these affairs and we are not an exception."

The governor disclaimed any responsibility for the affair, saying that he understood that Sheriff Freeman had agreed to leave Porter in jail for eight days, and had gone out of town so believing, only to return to learn that the sheriff and his prisoner were on the way to Limon.

"This awful offense has been committed by an entire county," he continued. "All we can do is to declare that we, as citizens of the same state, deplore and condemn this act of barbarity."

"UNKNOWN PARTIES,"

Says the Coroner, Responsible for the Burning of Porter.

LIMON, Colo., Nov. 18.—After being notified that some fragments of bones of a human being had been found on the prairie near where John Porter was burned at the stake, Coroner Brown and a jury summoned by him gathered up the "remains" and held an inquest. The jury's verdict was to the effect that the remains were those of John Porter, and that "death was at the hands of parties unknown."

The remains were buried in a small box near the scene of the lynching.

RUSSIANS ANXIOUS

For the Recovery of Their Czar—Special Prayers Offered—Passed a Comfortable Day.

ST. PETERSBURG, Nov. 18.—The Russian official world is anxious regarding the condition of Emperor Nicholas, but there is a feeling of confidence that he will recover. A foreign office official told the correspondent of the Associated Press last evening the bulletins were regarded as favorable. He called attention to the distinction between typhus in the American sense of the word and typhus as understood in Russia, where the term corresponds to typhoid in American terminology. Typhoid is common, the official pointed out, in all Russian cities, owing to the defective hygienic arrangements, but it is not feared in this country as it is in the United States.

"Moreover," continued the official, "the czar's general health has been good. Persons who have seen him frequently and at close quarters during the last few months give no credence to the stories regarding his alleged feebleness. They have not observed the slightest indication of lingering injury from the sabre blow he received in Japan. They utterly disbelieve the assertion, made abroad, that the czar is an epileptic."

Imprudent in His Diet.

Considerable surprise is expressed that his majesty should have contracted a disease attributed to tainted nourishment. It appears, however, that he is

imprudent in his diet, does not always follow medical direction, and often drinks any water he can get when walking or driving. The possibility of his having contracted the disease from milk is also considered. Yet another source of typhoid infection in Russia is quail, there being high medicinal authority for the statement that germs have been cultured from broiled quail.

The news of the czar's illness is gradually reaching the general populace, and many sympathetic references to his condition are heard among the people of St. Petersburg, who are apparently greatly attached to the person of the monarch.

Special prayers for his recovery were offered to-day in the churches of St. Petersburg, Moscow and Kharkov.

His Temperature Reduced.

LIVADIA, Nov. 18.—Emperor Nicholas, according to the best information obtainable this morning, had a favorable day yesterday. He slept for some time and felt at ease. His temperature at 9 p. m. was 101.6 and his pulse 61. Last night he slept well and on waking this morning was comfortable, his head being clear. At 9 a. m. to-day his temperature was 99.6 and his pulse 68.

Hope for a Settlement.

Special Dispatch to the Intelligencer.

ST. PETERSBURG, O., Nov. 18.—Another conference between the steel trust officials and the Amalgamated Association will be held to-morrow and there are hopes of a settlement, as it is said the steel trust will make concessions. No attempt was made to-day to start the mill or bring men in.

HOTEL BURNED.

Four Men Lost Their Lives—Several Injured in Escaping—Town Had no Fire Department.

OSWAYO, Pa., Nov. 18.—Four men were burned to death in a fire which to-day destroyed the McGonigal House, a three-story frame building, the hotel barn and the Opera House. The three buildings were burned to the ground in half an hour from the time the fire started.

The dead: Arthur Fletcher, book-keeper for Penn State Company, home in Boston. Michael Russell, employe Penn Tanning Company, Oswayo.

William Mulhany, of Rexford, N. Y. Hugh Jamieson, of Alfred, N. Y. The town has no fire department, the only protection being a pump at the tannery. The fire originated in the McGonigal house, from an overpressure of natural gas. There were thirty people in the hotel, which was a flimsy structure. Two men were seriously injured. They were:

Many Narrow Escapes.

Otto Kauley, a gas line walker, of Coudersport, Pa., who was burned about the face and arms, and Jerry Dalley, sustained a broken shoulder by jumping from the third story of the hotel.

There were many narrow escapes, most of the occupants jumping from the windows. The flames licked up the hotel building as if it were built of tinder. Nothing remains of the four dead but a few charred bones. One man had a leg broken in jumping and several others received many injuries and slight burns in making the exit from the building. The tannery employes connected a line of hose to the burning buildings, but on account of some trouble with the pump there was considerable delay in getting a stream on the fire and the flames had got beyond control. The property loss is estimated at \$5,000.

FRENCH TRAGEDY.

Killing of Countess de Cornulier by Her Husband Still Principal Topic in Social Circles.

PARIS, Nov. 18.—Saturday's tragedy, the killing of Countess de Cornulier by her husband, was the principal topic yesterday, at the clubs and in social circles generally. Count de Cornulier's condition, prior to his marriage, was rather humble, and after his separation from the countess he lived in a small apartment in the Latin quarter, evidently maintaining himself on a very modest income.

The countess, on the other hand, lived in fine style and it was evident that his changed domestic conditions, especially, as they contrasted with those of the countess, greatly depressed him.

The statement made by M. Leroux, the advocate, at whose apartments the countess was shot, that she had placed her affairs in his hands at the suggestion of her father, Count Pineau de Viennay, is corroborated by the latter, who emphatically denies that there was any improper conduct whatever in the relations existing between his daughter and her legal representative.

BOUGHT JEWELRY IN PARIS

And Attempted to Smuggle it Through New York Port.

NEW YORK, Nov. 18.—On the arrival of the American line steamship New York to-day, a squad of special agents of the treasury department and some secret agents hurried on board and asked to be shown the state room occupied by Miss M. Dorrance. She had left her room when the special agents reached it and had succeeded in having her three pieces of baggage passed. This consisted of two trunks and a large portmanteau. The baggage was again overhauled. Subsequently one trunk and the portmanteau were sent to the appraiser's store, while the other trunk was sent to a hotel. It was said that Miss Dorrance had brought in much new jewelry and \$5,000 worth of unset diamonds, for which she had an invoice showing that the diamonds had been sold to her by a Parisian firm. Miss Dorrance declined to discuss the seizure and the treasury officials were equally reticent.

W. & L. E. Passenger Train Wrecked.

ZANESVILLE, O., Nov. 18.—A Wheeling & Lake Erie passenger train ran into an open switch here this afternoon, badly wrecking the engine. The engineer, John Somers, of this city, jumped, but fell under the wheels and was killed. Four trainmen were hurt by jumping and Mrs. Sarah Schling, of Louisville, Ky., was thrown over a seat and badly bruised.

Germany Afraid of Competition.

BERLIN, Nov. 18.—The report of Mr. F. W. Hanouck, United States vice consul at Frankfurt-on-the-Main, in which he recommends the establishment of permanent exhibitions of American goods in German cities, is commented upon by the Kreuz Zeitung as follows: "The government cannot legally prevent this, but increased duties would afford a relief."

Senator Davis Growing Worse.

ST. PAUL, Nov. 18.—The improvement which had marked the condition of Senator Cushman K. Davis during Friday and Saturday, seems to have received a decided check and his physicians report that he passed a very bad night last night and was restless and feverish throughout to-day. The delirium which was a feature of the disease in the early part of last week, has returned and is more marked.

Sultan Received Our Charge.

CONSTANTINOPLE, Nov. 18.—The sultan received in audience last Friday Mr. Lloyd Garrison, United States charge d'affaires. It is believed that the conference was in connection with the proposed imminent purchase of the United States of a cruiser for the Turkish navy. Abdul Hamid inquired regarding the health of President McKinley.

Opposed to a Demonstration.

SANTIAGO DE CUBA, Nov. 18.—Mayor Grillon has refused an application from the leaders of a colored party for a permit to demonstrate to-morrow against the Castillo party, which is now in control. It is expected that an attempt will be made to have the parade without permission of the municipal government.

BANK CASHIER MISSING WITH \$200,000 CASH.

Second Alvord Case Develops in Newport, Ky.—Bank's Capital was Only \$100,000.

WINE AND WOMEN THE CAUSE.

Was Also an Inveterate Gambler. Trouble With Depositors Feared When the Bank Opens To-day.

CINCINNATI, Nov. 18.—United States

Bank Examiner Tucker to-day took possession of the German National bank at Newport, Ky., and posted a notice that the bank would remain closed pending an examination. Examiner Tucker also announced unofficially that Frank M. Brown, the individual book-keeper and assistant cashier, was missing and that a partial investigation showed that Brown was short about \$201,000. Brown had been with the bank eighteen years, was one of the most trusted men ever connected with this old bank, and it is stated by the experts that his operations extended back as far as ten years. The capital stock of the bank is only \$100,000. Brown's alleged shortage is double that amount, and more than the reserve and all the assets, including their real estate. While Alvord got away with \$700,000 in New York, he did it in a large bank, but Brown did not have so much to go on and seems to have gone the full limit for a small bank in a city of less than 30,000 inhabitants. The First National Bank of Newport was wrecked two years ago by Cashier Youtsey and now with the German National closed Newport has only one bank left.

Rumors of the Shortage.

For two weeks there have been rumors that Brown was short and some depositors withdrew their accounts. Three weeks ago the bank examiners made a good statement for the bank and the officers and directors allayed suspicion by referring to the report of this examination and to their last statement. Last Wednesday Brown left and it was announced that he had gone hunting on a vacation. He got a ticket for Odell, Ill., but it is learned now that he did not go there, and it is generally believed that he is out of this country with plenty of money in his possession. It is learned that Brown was suspended last Tuesday pending an investigation and that experts have been at work all the past week while the officers and directors have been making announcements that everything was all right. Last Friday the officers and directors, over their own names, published in the papers of this city, a statement that the bank had been found to be all right and that the rumors about Brown were false. They continued making these statements to the press as late as last midnight, but the statements were not accepted by the Commercial Tribune, which exposed the alleged shortage and caused a panic in Newport to-day so that the bank had to be taken in charge by the examiner. The wildest scenes were witnessed in Newport to-day and serious trouble is feared to-morrow when the officers and directors will be confronted by the people who have hunted them in vain to-day.

Lived a Fast Life.

Brown, it is alleged, was living a fast life with wine, women and gambling in his repertoire. His career was not cut short by any discovery at the bank till a jealous woman gave him away. Brown is a widower with one son, aged ten years, who lives with Brown's father, Paris C. Brown, ex-mayor of Newport and one of the leading business men of Cincinnati.

Last summer Brown visited Yellowstone Park and a certain Cincinnati woman wanted to accompany him, but this was denied her. When she ascertained some time afterward that another woman was with Brown on his western trip, the Cincinnati woman gave the bank officials some information that brought about a crisis. The only farewell letter that Brown is known to have left was to this woman, whose apartments are on Ninth street, in Cincinnati, and in this letter he admits that he had secured about all that he could get and that the time had come to say farewell. Brown, it is said, was a great poker player with the limit never too high and he had been a plunger on horse races for years. His bets on the races, it is reported, were frequently too high for the pool rooms in Covington, Ky., and he had brokers in both Chicago and New York.

Officers Are Wealthy.

The officers of the German National Bank are wealthy and responsible men and they will be able to make the losses good. Among the directors is Paris C. Brown, father of the defaulter, who is known from Pittsburgh to New Orleans at every wharf, as the head of the stores for boat supplies. The cashier of this bank is also the paying teller and Brown relieved him as paying teller when the cashier went to his dinner. It is stated that Brown did most of his work during the noon lunch of the cashier. There was quite a run on the bank yesterday, but the usual announcement was made as it continued to be made to the press till after midnight, but more of a rush is expected at the bank to-morrow, even if there has been a notice posted that the bank is closed pending investigation and some fear that there will be serious trouble even to the extent of violence.

Bank Will Not Open To-day.

Bank Examiner Tucker, took possession on Sunday because of the panic in Newport that followed at once the publication of Brown's absence and alleged

defalcations. The bank examiner posted a notice that the bank would not be opened to-morrow, pending investigation, but it is generally believed that this proceeding on Sunday will not prevent the stamped to-morrow as the excitement in Newport up to a late hour to-night, was intense.

There are about 1,500 depositors among them being the nine building associations which have the savings of many poor people. These classes talked more to-day about the statements given out last Thursday and since then than about Brown's operations. Brown wrote to a woman in Cincinnati that he was bound for South America, but the Enquirer will say to-morrow that it has good authority for alleging that Brown sailed from New York yesterday, and that his destination is China.

TRIPLE DROWING.

Went to a Watery Grave in Hetta Lake, Alaska—One of the Number a Missionary.

SEATTLE, Wash., Nov. 18.—A triple drowning is reported from Hetta Lake, at the head of Hunter's Bay, Alaska. The dead:

Mrs. James Taylor, San Francisco. Miss Baker, of Table Rock, Neb. Foreman Early, of the Hunter's Bay cannery.

The three persons were capsized November 9, from a rowboat in which they were making their way out to board the steamer Valencia, which they proposed taking for San Francisco.

Mrs. Taylor's body was recovered. She was the wife of James Taylor, formerly of Marysville, Ohio, one of the managers of the Pacific Steam Whaling Company's cannery at Hunter's Bay. Miss Baker, who was a daughter of Mrs. G. W. Baker, of Table Rock, has been a missionary of Southwestern Alaska for ten years.

MIDNIGHT BRIEFS.

Robert J. Stell, secretary-treasurer of the Monadnock Loan & Investment Company, of Chicago, has disappeared. It is said his books show a shortage of \$25,000.

There is considerable commotion in Hong Kong according to the correspondent of the London Daily Mail. The consequence of a report that Great Britain intends to send out a flying squadron.

General Weyer denies the statement published in Paris and cabled to the United States that he told an interviewer that if he had remained in Cuba he would have ousted the Americans from the island.

John P. Holland, inventor of the submarine boat, to-day announced that he had planned a number of sea voyages for his boats now in process of construction. These include a trip to Cuba and another one to Europe.

The approaching session of the Spanish parliament promises to be a lively one. Members of the opposition who are now arriving, intimate their intention of attacking the political and economical programmes of the government.

By a deal to be closed December 10, 50,000 acres of coal land in Johnstone, Floyd and Pike counties, Ky., will pass from the hands of central Kentucky parties to a coal syndicate which has been formed in Pennsylvania by eastern and English capitalists.

The Renwick block, occupied by the Davenport, Iowa, Furniture and Carpet Company, and adjacent buildings occupied by the Harold Peterson Wall Paper Company, the Jarvis White Art Company and the Perry Shoe House, were burned Sunday afternoon. Loss \$100,000; insurance \$80,000.

All is in readiness for the opening to-day of the sixteenth annual horse show under the auspices of the National Horse Show Association at Madison Square Garden New York. All day Saturday workmen were engaged in putting the finishing touches to the decorations and other arrangements in the big amphitheatre.

The Belgian steamer Waesland, of the International Navigation Company, which sailed from Philadelphia Saturday for Liverpool with passengers and a full cargo, returned last night with a ten-foot hole in her port bow. The Waesland, while steaming down the Delaware bay, was run into by the schooner Elmira, bound from Boston to Philadelphia. The schooner also had a hole in her bow.

Late Saturday night some vandal exploded a sack of dynamite beneath a shanty adjoining a large Italian tenement house in North Scranton, Pa., demolishing the shanty and blowing in the end of the tenement. Mr. and Mrs. James Payne and their fourteen-year-old son, who were asleep in end apartments, were thrown out of bed and fairly buried beneath the debris, but outside of a few cuts and bruises, escaped injury.

The charred remains of Mrs. Mary Van Lieu, colored, and her two-year-old daughter were found Sunday morning in the ruins of their home at Trenton Junction, N. J., which was destroyed by fire Saturday night. Robert Henson, also colored, was lodged in the Mercer county jail last night and committed to await a hearing on the charge of the murder of Mrs. Van Lieu and her daughter and the burning of their home.

The escaped convicts, Cravens and Estelle, from Leavenworth, Kas., were surrounded in the hills a mile from Brighton, Kansas, Sunday, having escaped from the barn burned by the post-fire. The place is rough and well adapted to screen the convicts, and as they are well armed the posse will probably starve them out and not try to force a surrender. The officers are sure that one of the men is severely wounded as a result of the first day's fusillade.

UNITED EFFORT MADE TO SUBDUCE THE FILIPINOS.

Americans and Rebels Active in the Field—Hot After the Insurgent Leader, Lukban.

GRANT'S SUCCESSFUL ADVANCE

Fought a Day and a Night With Slight Loss—Number of Regiments to Be Relieved.

MANILA, Nov. 18.—(First uncensored news by cablegram since the American occupation.)

Last week witnessed a very considerable increase in rebel and American activity in the field. Many skirmishes occurred, and several small engagements in Northern and Southern Luzon. The termination of the rains permits a resumption of operations on both sides.

The Americans are undertaking a series of aggressive measures against the insurgents notably upon the island of Samar, against General Lukban, whose forces hold the entire island, with the exception of three coast towns, each of which is garrisoned by two companies of the Twenty-ninth infantry and a platoon of artillery.

The rebels are continually shooting into the garrisoned towns and our forces have not been sufficient to retaliate effectively. Commerce in Samar has been at a standstill and most of the influential inhabitants have departed. General Hare has arrived there with 250 men. He will bring eight companies of the Second infantry from the island of Mindinque as they may be needed, and will proceed energetically to crush General Lukban. Meanwhile United States gunboats will patrol the coast to prevent the escape of the insurgent leader. Lukban still holds three members of the Forty-third regiment prisoners.

Rifles Not Recovered.

The rifles which this party of Captain Dexteraux Shields, of Company F, Twenty-ninth volunteer infantry, lost last September in Mindinque, at the time of the capture, have not been recovered from the Filipinos. The Mindinque garrisons are being continued. The Fourteenth infantry which recently arrived from China, will relieve the Twenty-first infantry from duty in Manila and the Twenty-first will relieve the Thirty-eighth infantry in South Luzon, the Thirty-eighth infantry proceeding to the island of Panay to reinforce the troops there.

The Twenty-fifth infantry will reinforce the garrisons in the island of Mindanao, particularly at Kagayan, where an armed truce between the rebels and the Americans has existed for months past.

General Wheaton, commanding in the department of Northern Luzon, is sending reinforcements to General Young's provinces, where the natives under Gen. Tinio and Aglipay, the excommunicated Filipino priest, are showing signs of restlessness, deserting the domiciles they have occupied during the rainy season, and joining under compulsion of fear the insurgents in the mountains.

Grant Makes an Advance.

Notable among the week's engagements was General Grant's advance with Macabebe and American scouts upon a rebel stronghold thirty-five miles north of Manila, which was defended by 200 insurgents armed with rifles. After skirmishing and fighting for the greater part of a day and night the enemy was dislodged from the mountain fastness; and immense quantities of rice and considerable ammunition destroyed. Fifteen Filipinos were killed and many others injured. The Filipinos carried off their dead. The American losses were eleven privates and one officer wounded and one Macabebe killed.

Lieutenant Frederick W. Alstacter, of the engineers who was captured by the insurgents in Luzon last September, has sent with the permission of his captors, a letter to Manila, asking for food, money and clothing, which will be forwarded to him by a native runner. His health is broken and his release problematical.

MacArthur at Subig Bay.

General MacArthur has gone to Subig Bay with Admiral Remey, on the United States cruiser Brooklyn, for the purpose of examining the locality. It is probable that 1,500 marines now in Philippine waters will be used to relieve certain army posts, rendering the relieved soldiers available for other and more urgent duties. It is understood that Gen. MacArthur is considering the question of establishing more marines in the vicinity of Subig. He is expected to return here to-morrow.

Although news and commercial messages between Manila and points in America and Europe are not subject to censorship all messages between the Philippines and the Orient are censored as heretofore.
